When the First ward was called, this morning, the assessor, A. C. Welchans informed the commissioners that he had not added to his assessment the \$207,000 as directed by the commissioners. He believed his assessment to be correct, as he originally made it up and he declined to change the figures. The commissioners. thereupon refused to accept Mr. Welchans's book, and dismissed the appellants, a large number of whom were in attendance.

Joel L. Haines, assessor of the Third ward, made a statement to the commissioners, to the effect that he had been revising his assessment in accordance with the instructions of the commissioners, but that he had not had time to complete it, and asked for an extension of time. This was granted by the commissioners, and the appellants were dismissed.

George B. Mowrey, assessor of the Second ward, was on hand with his revised assessment, and a large number of taxpayers of the ward were on hand also, to show cause why their assessment should not be increased as proposed by the commissioners. It is understood that Assessor Mowe y, for the purpose of raising the additional \$144,000 in his ward, added six per cent valuation to all property that would bear such an increase; but he still found himself \$30,000 or \$40,000 short, and to make up this amount he made a second revision, adding a further increase to the "big properties" of the ward. By this increased valuation some of the properties are assessed at more than was paid for them at a time when real estate brought one-third more than it now brings in the

Improved Mail Facilities From to-day, Feb. 10, the direct mail pouches for West Willow, Refton, New Providence and Quarryville postoffices will be forwarded on train leaving Lancaster at 5:10 instead of 8:20 p. m., as heretofore. Mails for these offices will close at Lancas-

ter postoffice at 4:10 p. m. This change, secured by Postmaster Marshall at the request of Geo. W. Hensel, esq., of Quarryville, greatly improves the postal accommodations at that office. Heretofore the evening mail reached there about 9:20 and was not opened nor delivered that evening. Patrons had to wait until next morning for their mail matter and often failed to receive important letters in time to arewer them by the early morning mail. Hereafter they will get their evening mail about 7 o'clock.

" Fate" To-night.—Bartley Campbell's charming society drama of "Fate" will be produced at Fulton opera house this evening by the Almayne comedy company, headed by the beautiful young English actress, Miss Nard Almayne. During the troupe's stay of a week in Pittsburgh it constantly gained in popular favor, and from Columbia, where the play was given last night, come highly complimentary otices of the performance.

Brandy as a Medicine.

The following article was voluntarily sent to Mr. H. E. It is commended to the attention of those afficient with and Brass Band and Orchestra. Admission

Indigestion and Dyspepsia. BRANDY AS A MEDICINE. This now much abused Alcoholic Stimulant was never intended as a beverage, but to be used as a medicine of great potency in the cure of some of the destructive diseases which sweep away their annual thousands of victims.

With a purely philanthropic motive we present to the functional and the second of the se sent to the favorable notice of invalids—espe-cially those afflicted with that miscrable dis-case Dyspepsia, a specific remedy, which is nothing more or less than

A hard-working farmer had been afflicted with an exhaustive Dyspepsia for a number of years; his stomach would reject almost every kind of food; he had sour eructations constantly—uo appetite—in fact, he was obliged to restrict his diet to crackers and stale bread, and as a beverage he used McGrann's Root Beer. He is a Methodist, and then, as now, preached at times, and in his discourses often declaimed carnestly against all kinds of strong drink. When advised to try Reigart's Old Brandy,

In his case, he looked up with astonishment, but after hearing of its wonderful effects in the cases of some of his near acquaintances, he at last consented to follow our advice. He used the Brandy faithfully and steadily; the first bottle giving him an appetite, and before the second was taken he was a sound man, with a stomach capable of digesting anything which he chose to eat. He still keeps it and uses a lithe chose to cat. He still keeps it and uses a lit-tle occasionally; and since he has this medi-cine he has been of very little pecuniary bene-fit to the doctor.—A Practising Physician.

DISASTROUS FIRE AT ALBAN .

Interior of the City Hall Completely De-stroyed, with Many Valuable Documents— Loss Over \$100,000—A Fireman Killed. ALBANY, Feb. 10 .- A fire broke out this morning about 4 o'clock in the county clerk's office, city hall building, and is at 10:30 a. m. still burning. The entire interior of the building is consumed, but the massive marble walls still stand. When the dome fell seven men men were crushed, one of whom, named Keller, a member of the fire department, has since died, and two or three others are expected to die.

SKIN DISEASE,

CURA REMEDIES have done me a power of good.

I have been afflicted with skin disease for sixteen years. Some days it troubled me more than others, but at night the itching nearly drove me wild.

I would scratch until the blood would run down my limbs. down my limbs.

I have had several physicians. Some said they could cure me, but others said not.

I will say that before I used the Curicura Remedies I was in a fearful state, and had given and here of every having one, which np all hope of ever having any relief.

But, like a drowning man grasping at a straw, I thought I would try the Cuticura Remedies, about which I had read so much.

They have perfumed a wonderful cure for me, and of my own free will and accord I recommend them. Yours truly,
